Buchanan Orthotics

sales@buchananorthotics.co.uk
0141 440 1999 • 603 Helen Street, Glasgow G51 3AR
Welcome to the sixth edition of Steprite Footwear.

Steprite footwear offers a range of traditional and modern styles, suitable for all age groups, and available in a wide array of colours and adaptations.

The footwear is manufactured in the UK, utilising the highest quality materials and made by a combination of both experienced technicians and modern technology.

We ensure that all the materials we use are of the highest standard, from the soft, supple leathers to the luxurious bamboo lining, which is more absorbent than cotton and is naturally antibacterial.

The colours and materials are chosen to offer a ‘High-Street’ appearance, whilst achieving clinical prescription requirements.

The footwear is manufactured using CADCAM design software, and 3D scanning to provide accurate and quality fitting.

Along with providing modular footwear, the appropriate styles are also available as Bespoke footwear.

We are at your disposal for advice, at any time, from both our technicians and clinical team.
LADIES CLASSICS

This last is an increased “Profile” shape to accommodate a slim rear foot shape with an increased forefoot width and depth. In addition to suiting a rheumatoid foot pathology it also accommodates forefoot deformities, reducing the need for bespoke footwear.

This more cosmetic foot shape increases patient compliance and satisfaction.

### Profile Last specifications

- **Reduced waist circumference**
- **Instep proximally placed**
- **Lower pitched heel to reduce forefoot pressure**
- **Standard insole supplied - 6mm dual poron cushioned forefoot reducing to 3mm at rear**
- **Supplied with a flexible low profile sole unit,**
- **Available in sizes 1 to 9**
- **Available in Slim, Standard and Wide fittings**
- **Stretch leather and stretch suede style options to increase joint comfort**
- **Max Toe box depth / through depth 6mm**
- **With or without Shank**

### Finding The Perfect Fit

CHILDRENS SHOES

Designed for Children’s Adaptive and AFO Footwear Needs.
The KP School Shoe and Trainer, distributed by Buchanan Orthotics is a range of children’s adaptive footwear. A fashionable and durable shoe that fits easily and comfortably over a brace/AFO without being oversized. For children who require orthotics to support their legs and feet.

The KP Athletic Training Shoe
Child 3 to Adolescent 9

Distinctive Sole
Wider tread design increases direct surface contact and promotes greater medial/lateral stability.

Additional Features and Benefits
• Geometrically-graded last ensures a precise fit with accurately sized shoe.
• Unique mid-sole is a compression-molded EVA shell with a visible cut-line designed to facilitate the modification and build-up process.
• Fray-resistant lining is longer lasting and withstands the wear of AFO use.

The KP School Shoe
Child 3 to Adolescent 9

Fashionable Footwear with Innovative Design for Children’s Adaptive and AFO Footwear Needs.

The KP Heel Entry Trainers
Child 11 to Adolescent 9

CHILDRENS SHOES

Sizes 35-46.

---

**Tecnica 1** - (Rehab Boots)

Sizes 35-46.
Buchanan Orthotics have been manufacturing Bespoke Footwear for over 50 years and supply customers across the UK and Ireland with both simple and complex made to measure footwear.

We can manufacture footwear from measures, casts and impressions and will liaise with the clinician to ensure the patient is supplied with footwear which allows them to regain mobility and get back on their feet.

Our skilled Technicians are available to discuss complex patients and work with the prescriber to achieve their desired outcomes.

We can also offer Bespoke footwear training to customers and would be delighted to discuss further.

Things to consider when Ordering:
1. Have all measurements been provided?
2. Has the Pitch of the footwear been considered?
3. Have you chosen an Appropriate Style / Colour / Material / Fastening?
4. If you are ordering boots, have you provided heights and ankle circumferences?
5. Are you requiring Insoles?
6. Remember to choose a Toe Shape!
7. Are the footwear to be the same length?
Insole System
Buchanan Orthotics provide a full range of Custom Foot Orthotics. We use CADCAM technology to provide accurate and repeatable insoles.

Insoles are fully custom made to either cast or impression box, and must be accompanied by a completed insoles specification form. There is a variety of adaptations available, and our technicians are ready to discuss any further requirements.

We can supply a sample swatch of materials on request, and are happy to offer support and training where required.

**Diabetic**
Specifications:
- Full length milled base shore 40 EVA
- Other bases available
- 15mm heel cut depth
- Full length midlayer 3mm pink poron
- Full length top cover 1.5mm spenco

**Indication for use**
For use with a high risk foot.

**Footwear Advice**
Suitable for all footwear.

**Additions**
A full range of alternative or additional covers can be added to insoles along with a range of additions. Plugs and sinks available as marked i.e. soft pink poron

**Additional Pads Require 1.5mm Midlayer on Polypropylene**

**Comfort**
Specifications:
- 15mm heel cup depth
- No top cover required
- Polyurethane base
- Increased shock absorption
- Finished shell length, behind metatarsal head, sulcus or full length

**Indication for use**
Available with 1mm cover if required.

**Footwear Advice**
Designed for shock absorption and cushioning, ideal for rheumatoid arthritis.

**Additions**
Standard fitting shop bought shoes

**Medio**
Specifications:
- Semi flexible direct milled polypropylene shell
- 15mm heel cup depth
- Heel stabiliser
- 1mm black yampie bottom cover
- 1.5mm green spenco top cover

**Indication for use**
For the medially deviated subtalar joint axis, tibialis posterior dysfunction or where increased supinatory movements are required.

**Footwear Advice**
Standard shop bought footwear.

**Additions**
Standard additions, kirby skive, medial forefoot / extrinsic wedging, forefoot compressive wedging.

**Contro**
Specifications:
- Semi flexible direct milled polypropylene shell
- 20mm heel cup depth
- Wide heel stabiliser
- 1mm black yampie bottom cover
- 1.5mm green spenco top cover

**Indication for use**
Designed for Maximum control.

**Footwear Advice**
Standard shop bought footwear.

**Additions**
All standard additions available.

**Latero**
Specifications:
- Semi flexible direct milled polypropylene shell
- 15mm heel cup depth with 25mm Medial depth
- Heel stabiliser
- 1mm black yampie bottom cover
- 1.5mm green spenco top cover

**Indication for use**
For the laterally deviated subtalar axis / peroneal tendinitis / lateral ankle and stability or where pronatory movements are required.

**Footwear Advice**
Standard fitting shop bought shoes

**Additions**
Standard additions, optional extrinsic rear foot wedging, optional extrinsic forefoot stabilisation (reverse mortons/lateral forefoot wedging).
Orthotic Dress
Specifications:
• Semi flexible direct milled polypropylene shell (2mm)
• Heel cup 5mm
• Sutex top cover
• Shell length behind metatarsal heads
• Slimline grind heel stabiliser / no lateral border to shell

Indication for use
Specifically designed for easier accommodation into footwear.

Footwear Advice
For shop bought footwear / dress shoes.

Additions
Please enquire regarding additions.

Orthotic Sport
Specifications:
• Semi flexible direct milled polypropylene shell (2mm)
• Heel cup (10mm)
• 1mm black yampie bottom cover
• 1mm black marble EVA top cover

Indication for use
Specifically designed for the active user, designed for football boots, rugby boots and athletic shoes.

Footwear Advice
Fit to patients sport shoes if possible.

Additions
Please enquire regarding additions.

Ultra Slimline
Specifications:
• Semi flexible direct milled polypropylene shell (2mm)
• Heel cup (5mm)
• 1mm black yampie bottom cover
• 1mm black marble EVA top cover
• Sulcus length

Indication for use
Insole designed for the slimmest shoe fit.

Footwear Advice
Fit to footwear with restricted space.

Additions
Please enquire regarding additions.

Additions
Mortons Extension
2mm extension under 1st Metatarsal phalangeal joint.
Indication for use: Dorsiflexed 1st ray.

Mortons Bar
6mm metatarsal bar as standard behind met heads 1 to 5 to offload.
Indication for use: Pain or callousing on plantar aspect of met heads.

Reverse Mortons Extension
2mm extension under 2nd to 5th met heads.
Indication for use: Functional hallux limitus, plantarflexed 1st ray.

Horseshoe Heel Pad
Extending from medial to lateral aspect of heel around edge of shell.

Mortons Dome
6mm metatarsel dome as standard placed behind met heads 2 to 4 to offload.
Indication for use: Pain or callousing on plantar aspect of met heads. Neuroma.

Heel Pad
Extending entire area under calcaneus.
Indication for use: Heel pain.

5th Met Cut Out
Trimline of shell has 5th metatarsal head cut out.
Indication for use: Callous or increased pressure at 5th metatarsal head.

1st Met Cut Out
Trimline of shell has 1st metatarsal head cut out.
Indication for use: Callous or increased pressure at 1st metatarsal head.

Plantar Arch Removal
Ranging from 25% to 100% removal of material from plantar aspect of medial arch for EVA insoles. The higher percentage of material removed allows for a more flexible medial arch on the shell.

Deep Heel Cup
Standard specifications are detailed on each insole style however if you wish any other dimensions, please detail these requirements on the insole specification form.

Indication for use: Excessive pronation of supination.

PAEDIATRIC INSOLES

Size range 22-38
Our new range of stock paediatric insoles which are supportive and can be adapted.
SOLE OPTIONS
For modular footwear only.

---
**Modular Footwear Conditions of Sale**

**Available at no extra cost**
- Half Sizes
- Touch & Close Fastening
- Trial Fitting Service

**Despatch**
Modular footwear will be despatched within seven to ten working days. Shoes requiring adaptations will be despatched within ten to fifteen working days.

As an orthotic company we know the importance of meeting our delivery dates and are always striving to improve on them. On occasion, however, circumstances beyond our control may result in a slight delay and our customer support team will contact you with a revised despatch date should a delay occur.

**Carriage**
Carriage free to UK mainland.

**Payment**
Payment is due thirty days from invoice date if account facilities are established. Volume discounts are available for orders of 20, 40 and 80 pairs per month.

- 20 pairs per month - 5% discount
- 40 pairs per month - 10% discount
- 80 pairs per month - 15% discount

**Returns**
All shoe styles on regular lasts without adaptations/modifications are returnable for credit or exchange if returned within two months in original packaging and in full resaleable condition.

Boot styles are subject to a 30% handling charge.

Split sizes or fittings are non-returnable.

Any footwear requested with a through sole will not be returnable unless the through sole is standard for that type of footwear.

**Ownership of Goods**
The footwear shall remain the absolute property of Buchanan Orthotics Limited, until such time as the customer shall have paid the agreed price in full.

**Colours**
Our colour swatches shown here may vary from the actual shades due to the limitations of the reproduction processes.
